

## KARS 2meter Net Procedure

QST.....QST.....QST.....

This is station \_\_\_\_\_ Calling the Kendall County Area 2 meter Net.

This net operates on the KB5TX Repeater on 146.64 with a PL Tone of 88.5 located in Boerne, TX. This net meets weekly on Tuesday evenings at 7pm local time. All licensed amateurs are invited to check in and take part in net activities. Your net control this evening is \_\_\_\_\_. My name is \_\_\_\_\_ and I'm located in \_\_\_\_\_.

----- **UNKEY**-----

When checking into the net, please use this procedure:

Say *This is*, and unkey to make sure you are not doubling. Give your call phonetically first, then your call, your name and your location. This helps keep doubling to a minimum and gives Net Control time to get you logged in.

----- **UNKEY**-----

At this time are there any stations with Emergency or Priority Traffic Only. Please call \_\_\_\_\_ Net Control

----- **UNKEY**-----

Hearing none, are there any mobile or short time stations only? Please call \_\_\_\_\_ Net Control.

----- **UNKEY**-----

Now I will take check-ins from all stations. I will assume you have comments or information for the net. If not, please let net control you are here for the count only.

----- **UNKEY**-----

## **KARS 2meter Net Procedure**

### **Club Announcements**

No additional check-ins heard, so moving on to the club announcements:

*Once there appears to be no more calls, review logged callers and then ask if there are any more check ins. If none, proceed to club announcements.*

## **KARS 2meter Net Procedure**

### **Comments**

*Work your way through the list of check-ins. Depending on flow and time, pause comments and ask if there are any additional check-ins. Once completed going through the list, ask one last time if there are any additional check-ins. Once there are none, proceed to closing*

### **Closing**

Hearing no more check-ins, I would like to thank everyone for taking the time to check in tonight's net & I will close the KARS 2 meter Tuesday night net at (local time) and return the KB5TX repeater back to normal amateur service.

This is \_\_\_\_\_ clear.
